

Welcome to NVTA's Accessible Transportation Needs Assessment Open House!

Thank you for joining us today in this important opportunity to provide feedback to NVTA about the transportation issues that matter most to you.

Today you will have the opportunity to give us your input on transportation in Napa County.

Please visit the stations described below and someone will be there to help submit your input.

Introduction

Pick up materials to learn more about the ATNA project.

How do you travel today?

Share your thoughts on how you currently travel and any issues you face.

Transportation Resources

NVTA and organizations in Napa County provide a number of programs to make it easier for those who may need help to get around the County. Tell us how they can be improved or give us suggestions for new programs.

Priorities

Help us understand your priorities for future transportation recommendations.

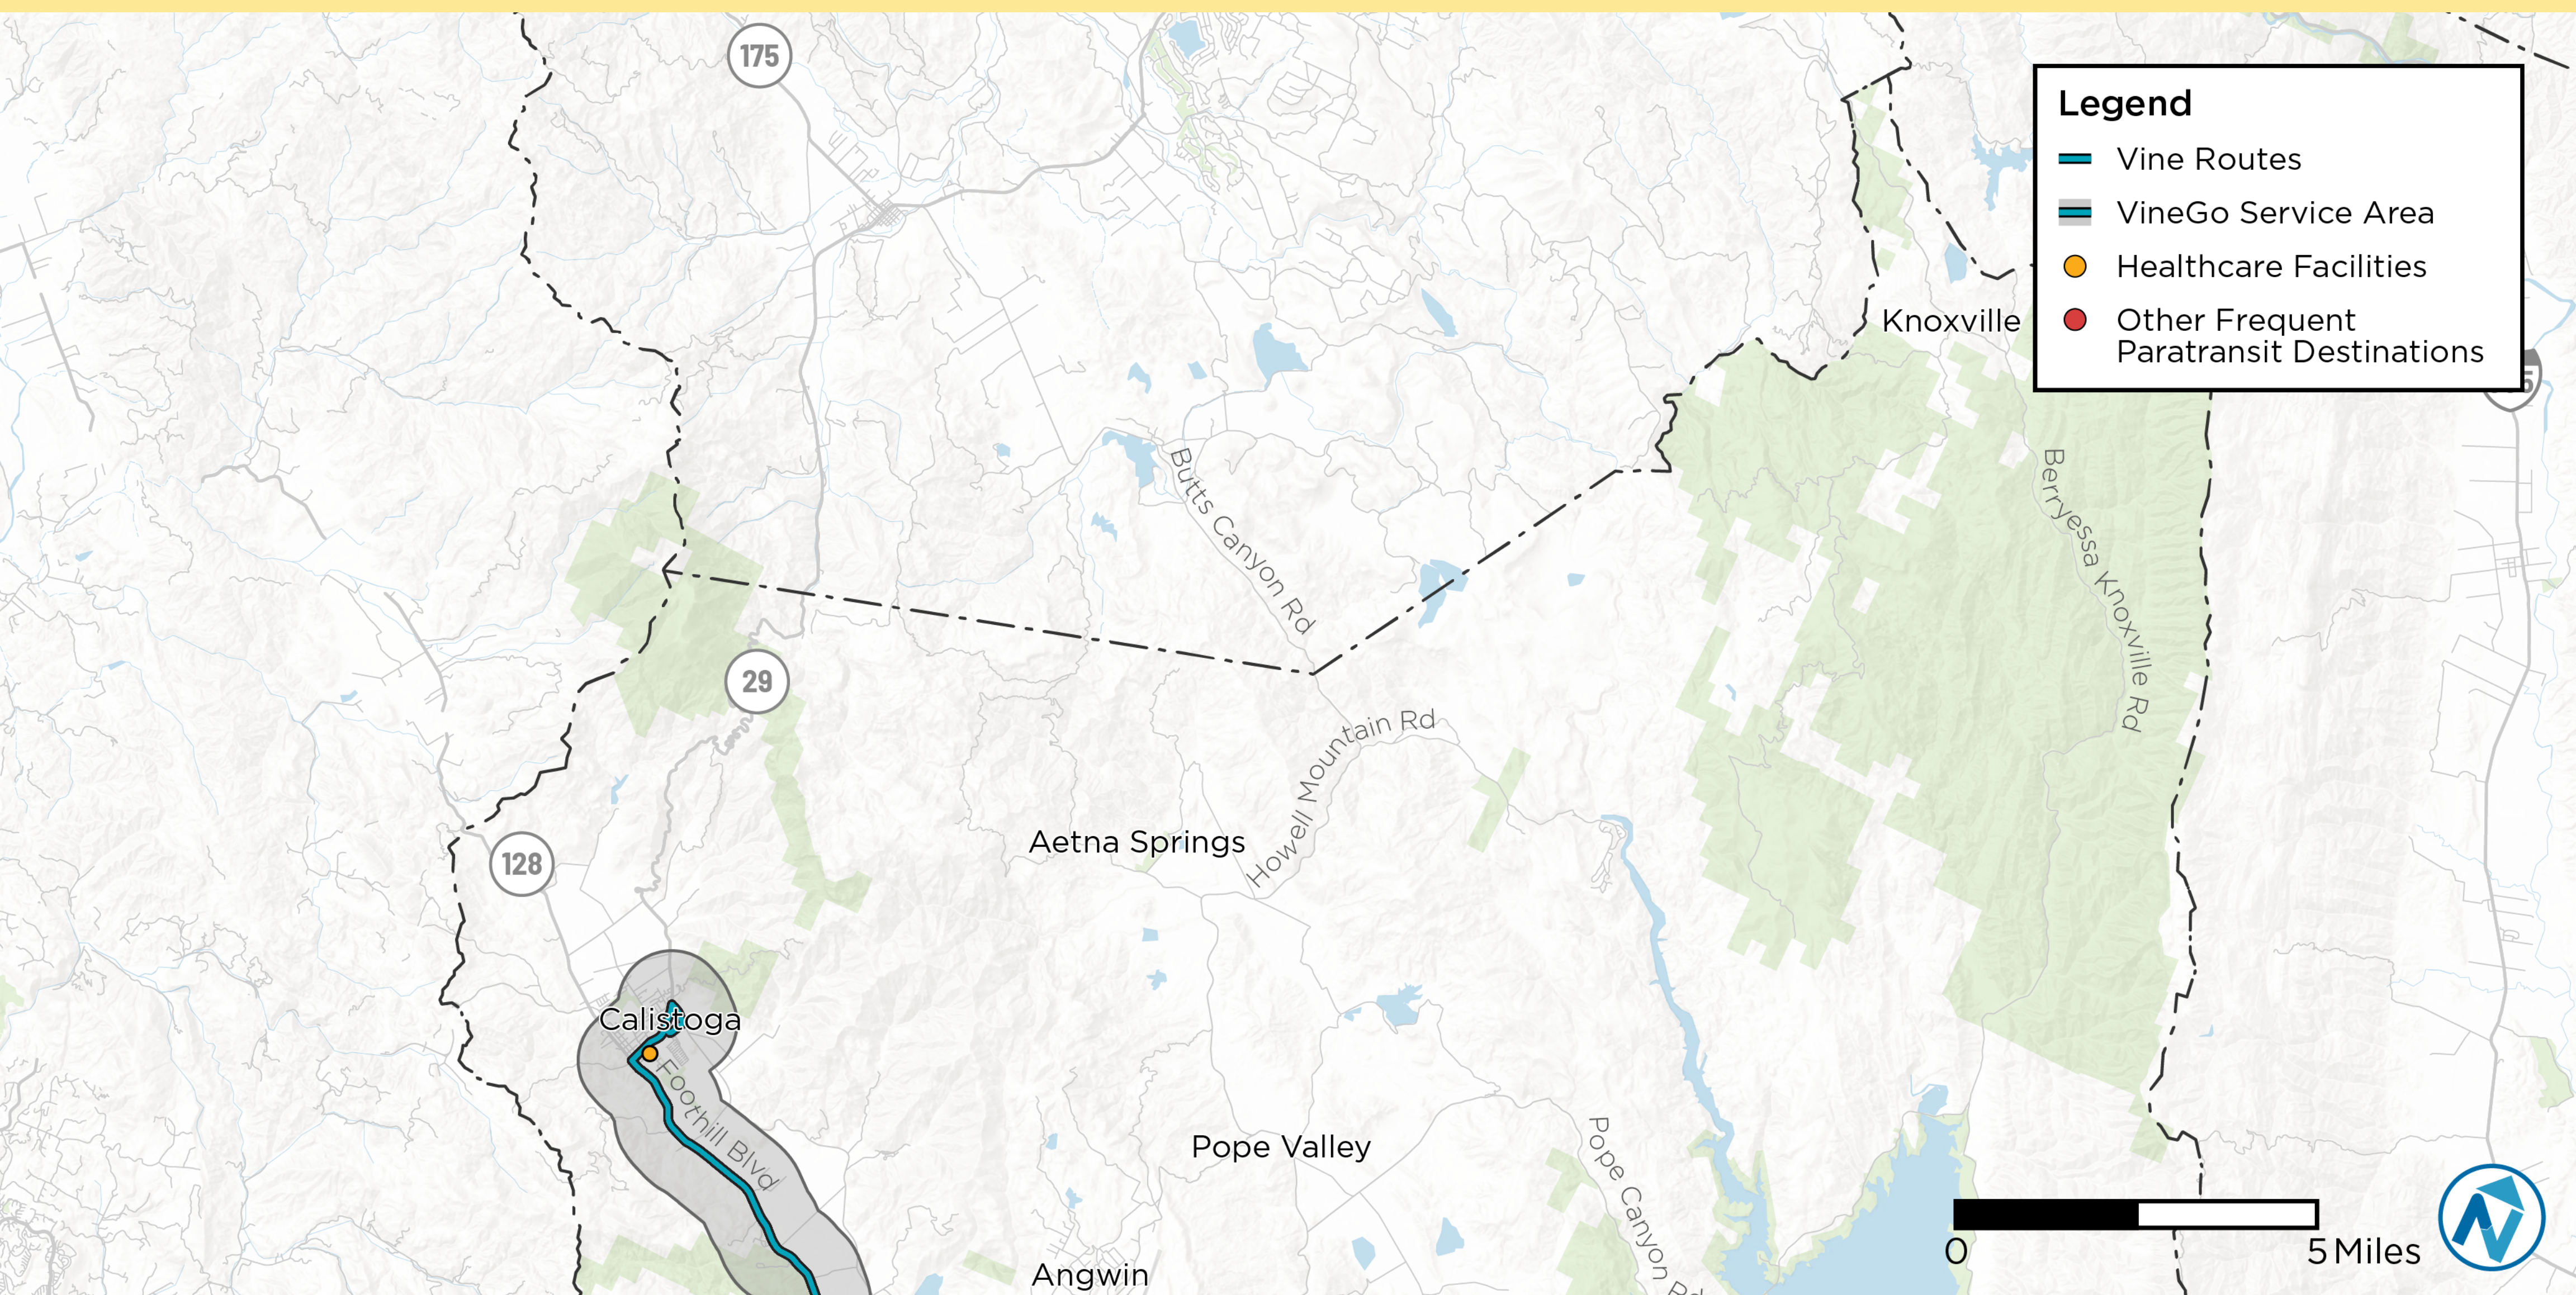

Where do you currently travel?

Put a **green** dot or sticky note where you currently travel to within Napa County.

Did we miss anything? Write a program not listed on a sticky note.

What are your transportation priorities?

How can we improve current programs?

✓ Consider frequency, costs, ease of use, or anything that comes to mind.

✓ Keep in mind that prioritizing one program sometimes means not offering another program!

OPTION 01

Local service to and from the closest main street or town center near your home

OPTION 02

Regional service to and from major transit hubs in other counties (e.g., Santa Rosa, Vallejo, Richmond)

OPTION 03

Service to and from medical appointments in a range of locations

OPTION 04

Door through door and more rider help, such as with packages (not provided by NVTA)
