

UNIFIED CALL CYCLE 1 - PROJECT REVIEW

JULY 2026

Purpose of Unified Call

Align Unified Call with the MTC
One Bay Area Grant (OBAG) 4
County Program Call for Projects

Streamline limited staff resources
by using one coordinated call for
multiple funding programs

Identify, review, and prioritize
transportation projects for available
funding opportunities over the next
several years

Unified Call for Projects - Cycle 1

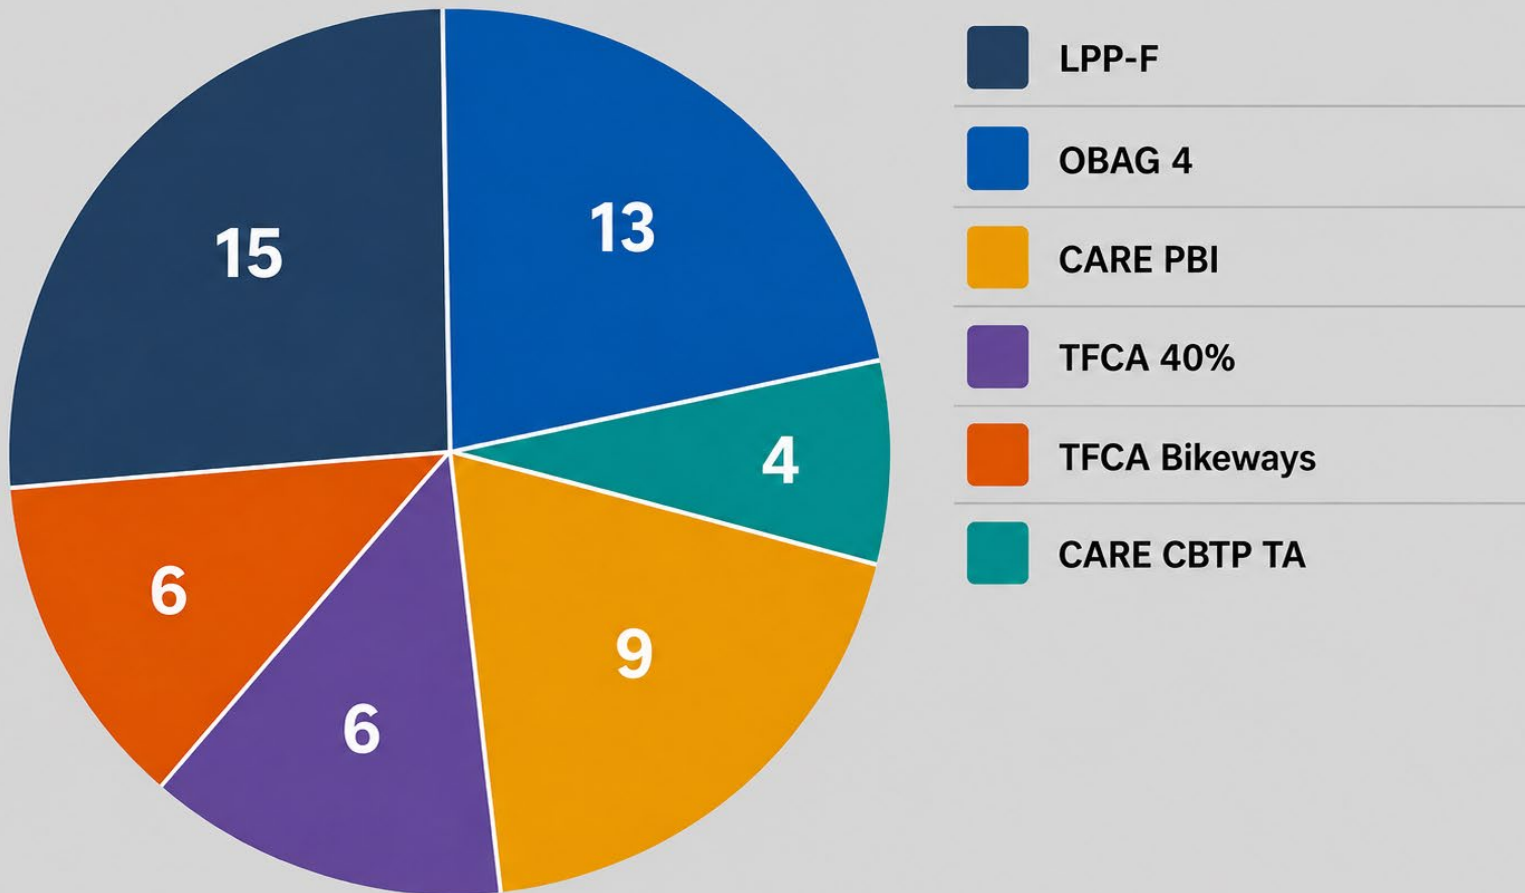

OBAG 4   Funding Level: Federal  Available Funding: \$7,288,000*	CARE Program   Funding Level: Regional  Available Funding: CARE CBTP-TA: \$562,000 CARE PBI: \$562,000	TFCA   Funding Level: Regional  Available Funding: TFCA 40%: \$700,000 TFCA Bikeways: \$1,000,000	LPP-F   Funding Level: State  Available Funding: \$1,738,000
--	--	---	---

Total Available Funding: \$11,850,000

* 120% of Napa County's Nomination Targets

Submissions by Funding Category

Total Project Application: 17

Note: Project sponsors may have applied for more than one funding source.

Funding Requested vs. Available

Jurisdiction / Sponsor	Total Funding Requested
American Canyon	\$4,838,780
Calistoga	\$8,995,000
City of Napa	\$4,717,000
Napa County	\$9,310,000
NVRTA	\$2,967,430
St. Helena	\$282,000
Total Requested	\$31,110,210

Total Requested \$31,110,210	Total Available \$11,850,000	Funding Shortfall \$19,260,210
---	---	---

Total requested funding by jurisdiction/sponsor (all projects, across all funding sources)

Funding Eligibility Requirements

OBAG 4

- Federal funding administered through MTC
- 50% of funding must support projects located in or within one mile of a Priority Development Area (PDA)
- Projects must support regional goals

CARE Program

- Regional funding
- Projects must serve or be located in Equity Priority Communities (EPC's)
- Must demonstrate community need and support

TFCA

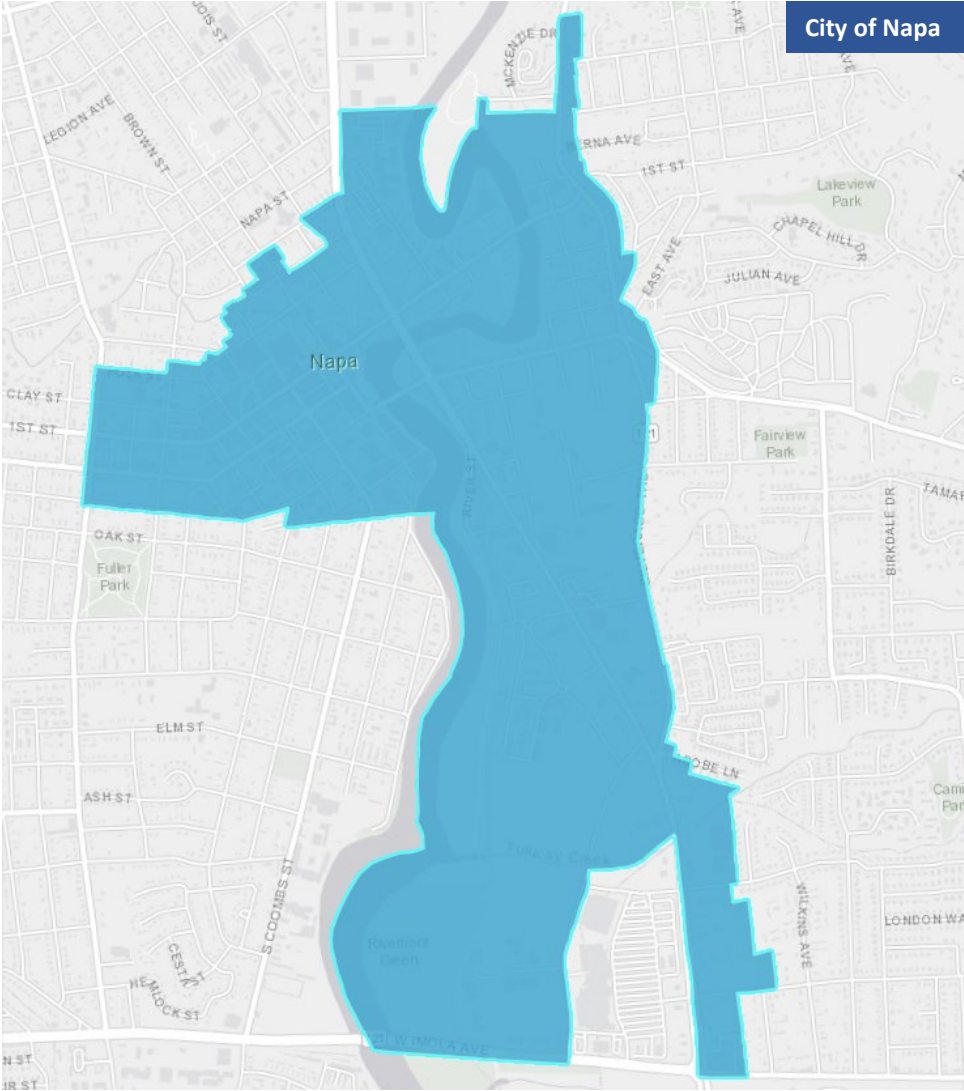

- Regional funding
- Projects must reduce vehicle emissions
- Projects must meet cost-effectiveness requirements

LPP-F

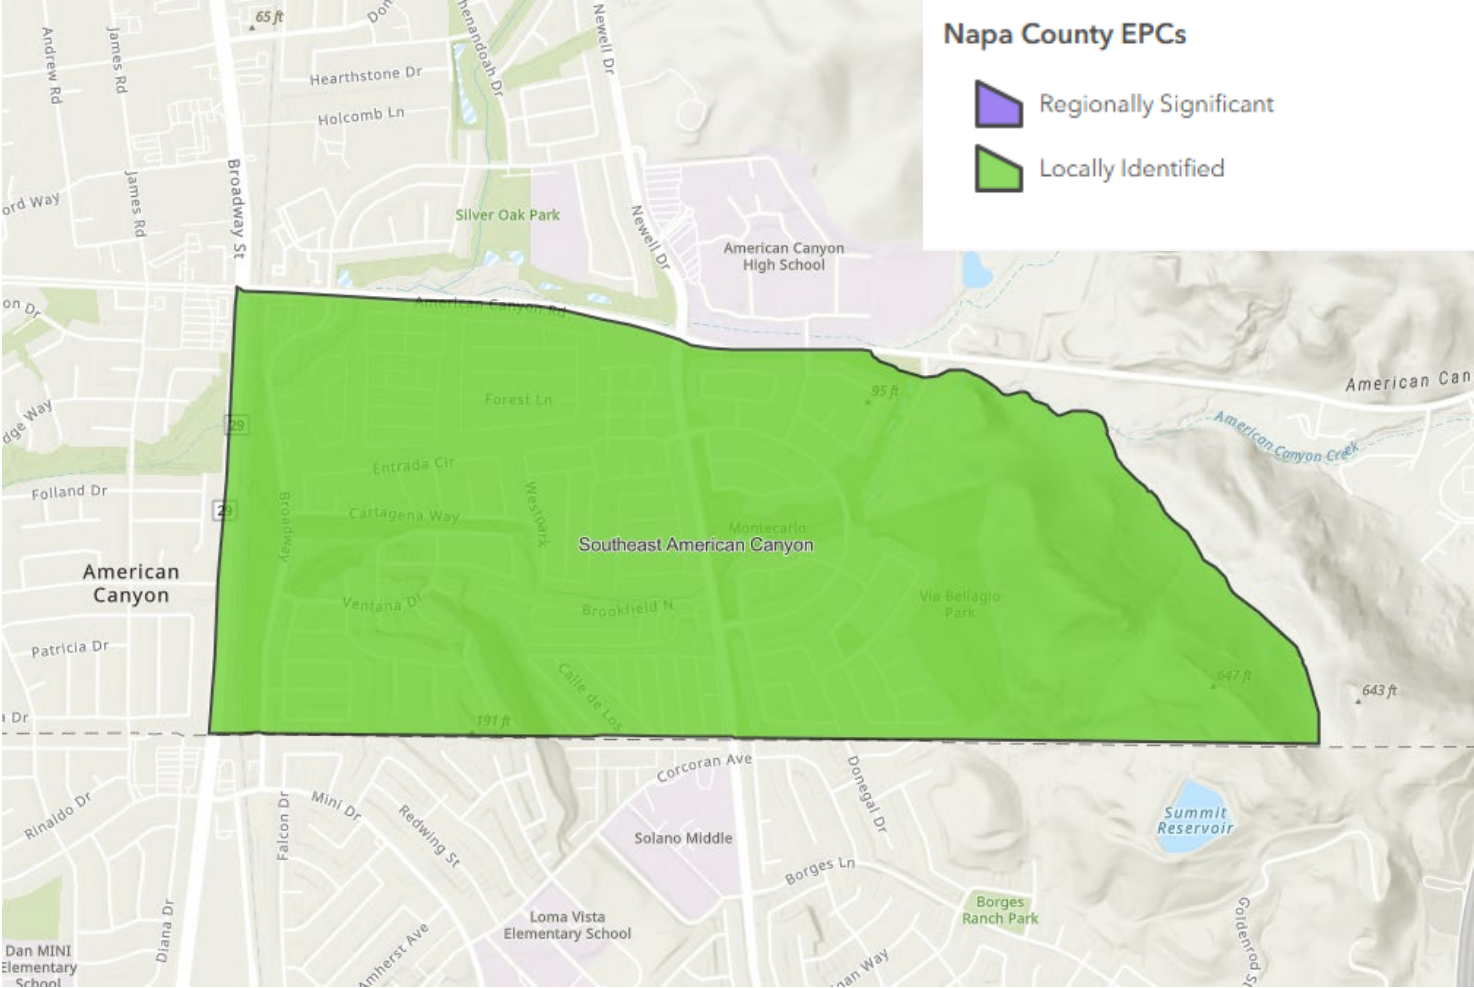

- State formula funding
- Available to counties with local transportation sales tax measures (Measure U)
- Supports capital infrastructure projects
- Requires 1:1 local match

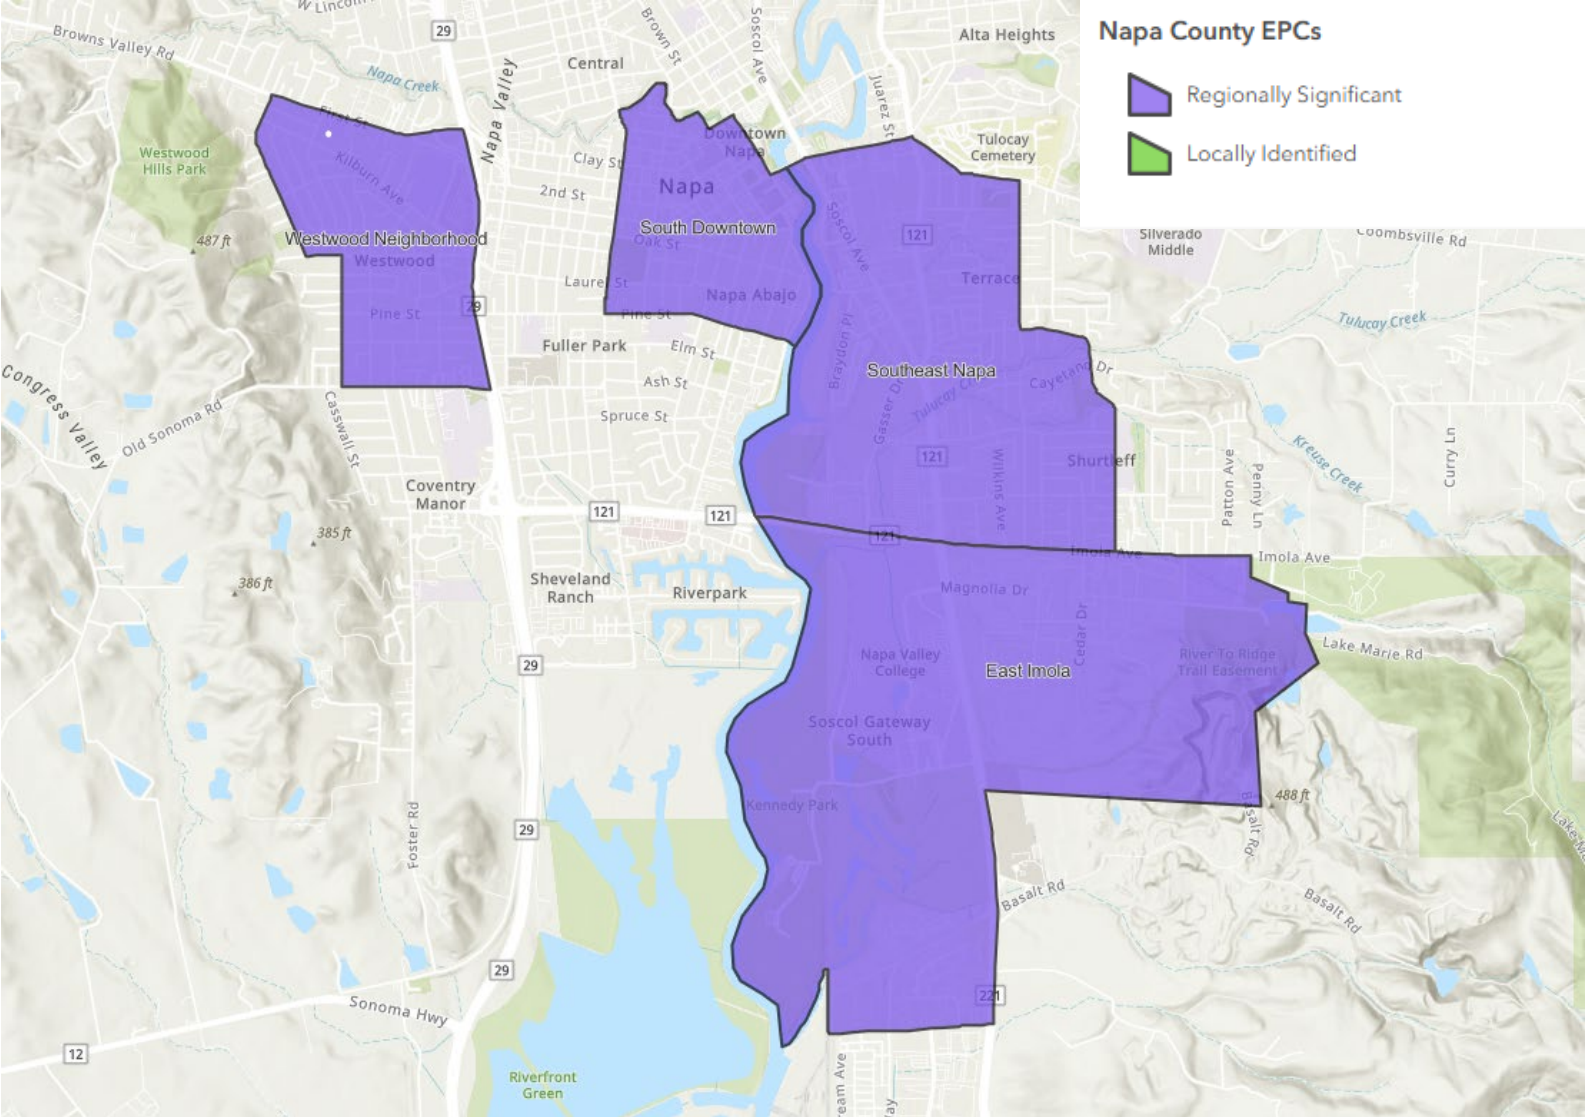

Priority Development Area (PDA) Locations

Timeline / Next Steps

Q&A – Thank you!

Project Applications – American Canyon

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
East American Canyon Road	Broadway – Flosden Road	Widen sidewalk, close gap, add protective buffer to increase safety	Design, Construction	\$1,338,780
Rancho Del Mar Paving – Phase II	Rancho Del Mar Neighborhood along Rio Del Mar	Paving, curb ramps, sidewalk gap closure and striping	Construction	\$2,000,000
Theresa Avenue Storm Drain Repair	Eucalyptus Ave – Napa Junction Road	Storm drain, curb/gutter, paving and striping.	Construction	\$1,500,000
TOTAL REQUESTED				\$4,838,780

Project Applications – Calistoga

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
Grant Street Multi-Use Path	Garnett Creek Court – City Limits	Build a separated multi-use path for bike/ped to improve safety and connectivity	Construction	\$450,000
Petrified Forst / Foothill Blvd	Petrified Forest Road / Foothill Boulevard (SR 128) intersection	Improve the intersection with signal, turn lane, crossing, ADA, and bike upgrades.	Design, Construction	\$2,400,000
South Oak Street Bike/Ped Bridge	South Oak Street and North Oak Street	Build a new bike/ped bridge with path, sidewalk, ADA, and drainage improvements.	Construction	\$1,945,000
Washington Street Lighting Improvements	Washington Street Corridor	Pedestrian-scale lighting to improve nighttime visibility and safety.	Design, Construction	\$2,700,000
Washington Street Complete Streets	Washington Street Corridor	Add Class II bike lanes and related roadway, ADA, crossing, drainage, and traffic-calming improvements.	Design, Construction	\$1,500,000
TOTAL REQUESTED				\$8,995,000

Project Applications – City of Napa

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
Coombsville Multi-Use Path	3rd Street – City Limit (Silverado Middle School)	Build multi-use path, close sidewalk gaps, add crossings to improve safety and connectivity	Construction	\$300,000+
Silverado Trail (SR 121) Five-Way Intersection Improvements	SR 121 at 3rd Street, East Ave, and Coombsville Road	Construct two roundabouts to reduce congestion and increase safety, improve bike/ped connectivity	Construction	\$4,417,000
TOTAL REQUESTED				\$4,717.000

Project Applications – Napa County

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
NVVT: Yountville – St. Helena	California Dr. (Yountville) – Pratt Ave (St. Helena)	Construct Vine Trail segment between Yountville and St. Helena	Design, Construction	\$5,350,000
NVVT: Vista Carneros	John F. Kennedy Park – Airport Blvd.	Construct Vine Trail segment between John F. Kennedy Park and Airport Blvd.	Environment, Design, Construction	\$3,960,000
TOTAL REQUESTED				\$9,310,000

Project Applications – NVTa

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
SR 29 American Canyon Corridor Improvements	American Canyon Road – Napa Junction Road	Improve corridor safety, operations, transit priority, and bike/ped access.	Design	\$2,000,000
Vine Transit Bus Stop Enhancements	Select Vine Transit bus stops	Add shelters, lighting, and real-time arrival displays.	Construction	\$109,115
Burnell St. Sidewalk Improvements	4th St – 7th St	Build sidewalk, curb, and gutter along Burnell Street.	Construction	\$500,000
Napa County: Safe Routes to Schools (SRTS)	Countywide schools and communities	Provide bike/ped safety education, encouragement events, and safety equipment.	Implementation	\$358,315
TOTAL REQUESTED				\$2,967,430

Project Applications – St. Helena

Project Name	Project Location/Limits	Scope	Phase(s) Requested	Total Requested
Pedestrian Crossing Improvements	Various locations	Upgrade crosswalks, ADA curb ramps, sidewalks, striping, and RRFBs.	Design, Construction	\$282,000
TOTAL REQUESTED				\$282,000
